This website employs cookies to make a better, smarter and more efficient visit experience; therefore small text strings will be stored on your browser's directory. Cookies differs accordingly to their functionality and features.

ABOUT COOKIES

A cookie is a file containing an identifier (a string of letters and numbers) that is sent by a web server to a web browser and stored by this latter. The identifier is then sent back to the server each time the browser requests a page from the server.

Cookies can be deployed by the owner of the site and/or exploited by a third party.

For further information, please visit: www.allaboutcookies.org.

COOKIES CATEGORIES

Temporary cookies are deleted when the navigation session ends

Long-lasting cookies are deleted by the expiry date

Technical cookies and local storing

These cookies are generated at first access and ensure the orderly site functioning and the visitor's best visual experience depending on the device used for browsing. Their deactivation might result in an improper visualization or preventing the interaction with some of its parts from failing.

Localstorage is aimed at navigation optimisation; it doesn't collect data on visitor's expressed preferences (eg. It saves a session-code after logging in, preventing the user to enter his credential once again in each private area)

Cookie Name	Expiring date	Features
PHPSESSID	End of browsing session	Required for Wordpress to work

Analytic cookies

These cookies are designed to collect statistical data related to site usage and might be anonymous (hence classifiable as technical) or not: in such a case they permit the collection of user's profiling data (prior his consent).

Cookie Name	Expiring date	Features
_ga	2 years	Used to distinguish users.
_gid	24 hours	Used to distinguish users.
_gat	1 minute	Used to limit the frequency of requests on Analytics
